HEALTH AND SAFETY POLICY STATEMENT

Euroclad Ltd are specialists in the manufacture of a full range of cladding systems for the use within the commercial and industrial building sector of the construction industry.

Euroclad's aim is to provide a safe working environment for our employees and others who may be affected by our activities. Compliance with legislation and a commitment to the prevention of injury and ill health will be achieved by assessing hazards and Risks, and by continual, cost effective improvement.

Health and Safety is an integral and equal part of our business practices; it will be provided the necessary financial and physical resources to implement this policy.

Successful Health and Safety management can only be achieved with the support and commitment of all employees. Our employees are actively encouraged to take ownership of Health and Safety and are empowered to assist in the decision making process. Compliance with this Policy is also a condition of employment.

This policy will be implemented and maintained across all levels of our organisation.

Specific responsibilities are defined within the Health and Safety Management System. The day to day management of Health and Safety is the responsibility of all managers at all levels however; overall responsibility lies with the Managing Director.

To ensure the implementation of this policy and our Health and Safety management we have appointed a Health and Safety Manager. Where necessary he will obtain external advice and support.

To facilitate continual improvement in our Health and Safety standards we will identify and review our assessed risks by implementation of control measures and identification of specific objectives. Progress towards these objectives will be closely monitored.

This Policy and the processes and procedures contained within Euroclad's Health and Safety Management System will undergo regular review and audit. This shall ensure that the system remains effective and will allow continuous improvement where identified.

This Health and Safety policy will be made available to all interested parties.

.....
Phil Cook, Managing Director
